

aestate.work.repository.  
Repository.remove

```
graph LR; A["aestate.work.repository.  
Repository.remove"] --> B["aestate.start"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'aestate.work.repository.' on the first line and 'Repository.remove' on the second line. A blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'aestate.start'.

aestate.start
