

```
demoModels.Demo.find  
_all_F_where_id_eq_and  
_name_eq
```

```
graph LR; A[demoModels.Demo.find_all_F_where_id_eq_and_name_eq] --> B[aestate.work.Annotation.SelectAbst];
```

A diagram showing a mapping from a demo model method to an annotation. A grey box on the left contains the text 'demoModels.Demo.find\_all\_F\_where\_id\_eq\_and\_name\_eq'. A blue arrow points from this box to a white box on the right. The white box contains the text 'aestate.work.Annotation.SelectAbst'.

```
aestate.work.Annotation.  
SelectAbst
```
