

JSONEncoder

```
classDiagram
    class JSONEncoder {
    }
    class SimplejsonDateEncoder {
        + default()
    }
    SimplejsonDateEncoder --|> JSONEncoder
```

The diagram illustrates a class hierarchy. At the top is the 'JSONEncoder' class, represented by a white box with a black border, divided into three horizontal sections. The bottom section is empty. Below it is the 'aestate.ajson.ajson.Ajson.SimplejsonDateEncoder' class, represented by a gray box with a black border, also divided into three horizontal sections. The top section contains the class name, the middle section is empty, and the bottom section contains the method '+ default()'. A blue arrow with an open triangular head points from the top section of the 'aestate.ajson.ajson.Ajson.SimplejsonDateEncoder' class to the bottom section of the 'JSONEncoder' class, indicating inheritance.

aestate.ajson.ajson.Ajson.
SimplejsonDateEncoder

+ default()
