

aestate.opera.global
_db.Db_opera.delete

aestate.opera.global
_db.Db_opera.update

aestate.opera.global
_db.Db_opera.insert

```
graph LR; A[aestate.opera.global_db.Db_opera.delete] --> C[aestate.opera.global_db.Db_opera.insert]; B[aestate.opera.global_db.Db_opera.update] --> C;
```

The diagram illustrates a flow where two database operations, 'delete' and 'update', are mapped to a single 'insert' operation. The 'delete' and 'update' boxes are on the left, and the 'insert' box is on the right. Blue arrows point from each of the left boxes to the right box. The right box is shaded gray, while the left boxes are white with black borders.
